3.1.7. Category H-INV (H-INV)

This category is for Cars not allowed in any of the previous categories or cars not complaining with the Appendix K. However, some cars can be considered eligible to race if the organization committee believed it will improve the spectacle and improve the other driver's enjoyment.

3.2. Car change

Each Competitor will be allowed to bring one (1) additional substitute car to each event. Its use shall be governed by the following requirements:

- a) The spare car shall be prepared in full compliance with the Technical Regulations and shall be identified by the number assigned to the Driver.
- b) It is the responsibility of each competitor to have the championship technical staff record the chassis number of the spare car and complete a full technical check before the event.
- c) The Driver may replace his main race car with the spare car if the Driver has an accident or other problem that does not allow the main race car to continue in the event. The determination as to whether the car can be repaired at the event will be the decision of the Championship Officials and cannot be appealed.
- d) A Driver may only change cars once per Event. A Driver may only drive two (2) chassis numbers during an official race weekend.
- e) If a spare car is approved for use after a Free Practice session, the spare car will receive a five (5) place grid penalty for the next race. After Free practice, in case of change of car, the spare car may never take a grid position gained by the main race car.

Art. 4 – TYRES

4.1. Without exception, all cars cannot use "Slick" tyres".

4.2. All cars should use Toyo R888R or R888 tyres.

4.3. Exceptionally, other DOT tyres may be used. The Carrera Los 80 organizing committee shall issue a written authorization before the beginning of the weekend. A time penalty will be imposed if the organizing committee considers the performance to benefit with the use of these tyres.

Art. 5 - OTHER

5.1. BRAKING SYSTEMS

5.1.1. Brake calipers other than those shown on the type-approval certificate (FH) may be used provided that the number of pistons does not exceed the number approved and their contact surface with the brake pad does not exceed that described in the FH;
